Daniela Corbetta

CURRICULUM VITAE

University of Padova, Department of Statistical Sciences
via Cesare Battisti 241-243, 35121 Padova, Italy
e-mail: daniela.corbetta@phd.unipd.it

Current position

PhD student in Statistics (October 2022 - ongoing)
Department of Statistical Sciences, University of Padova
Supervisors: Prof. Davide Risso and Prof. Livio Finos

Education

February 2024 - July 2024
Visiting PhD student
Center for Computational Biomedicine, Harvard University
Supervisors: Prof. Robert Gentleman and Dr. Ludwig Geistlinger

October 2019 – March 2022
Master's Degree in Statistical Sciences
Department of Statistical Sciences, University of Padova
Thesis (in italian): *Procrustes analysis for spatial transcriptomics data*
Supervisors: Prof. Livio Finos, Prof. Davide Risso, Dr. Angela Andreella
Final mark: 110/110 cum laude

October 2016 - September 2019
Bachelor's Degree in Statistics for Technology and Science
Department of Statistical Sciences, University of Padova
Thesis (in Italian): *Meta-analysis in presence of competitive risks*
Supervisor: Prof. Giuliana Cortese
Final mark: 110/110 cum laude

Work Experience

August 2021 - September 2022
Statistical programmer, Alira Health, Bologna (Italy)

Awards

SAS Curiosity Cup 2022 - Data preparation winner and data analysis runner up

Computer skills

- Languages: R (advanced), SAS (advanced), Python (intermediate);
- Other: Latex (advanced), GitHub (basic).

Languages

Italian (native); English (fluent).

Conference presentations

- Oral presentation: *Conformal inference for cell type prediction leveraging the cell ontology*, Ascona workshop: Spatial and temporal statistical modeling in molecular biology, 8-13 September 2024;
- Oral presentation: *Conformal inference for cell type prediction leveraging the cell ontology*, European Bioconductor Conference, Oxford, 4-6 September 2024;
- Poster presentation: *Alignment of Spatial Transcriptomics data with the alignProMises R package*, European Bioconductor Conference, Ghent (Belgium), 20-22 September 2023;
- Oral presentation: *Procrustes analysis for spatial transcriptomics data*, 44th ISCB conference, Milan (Italy), 27-31 August 2023;
- Poster presentation: *Procrustes analysis for high-dimensional data*, useR! 2022 (online), 20-23 June 2022.
